

CLIENT DISCLOSURE & AGREEMENT

CLIENT: Before we begin, please read this agreement and then sign and date it. This will let us know that you have read and that you understand what is written here. This form will ask you about your present condition for which you seek therapy as well as any other issues you might have. It also sets out the context in which you will get the outcome you want. It also covers some of the issues of law governing our relationship.

- 1. Time Line Therapy™ is alternative or complementary health care under the laws of a number of states:** The person you will be working with is not licensed. That means she is not a Medical Doctor, psychiatrist, psychologist, M.F.C.C., or M.S.W., and you acknowledge that you have never worked with a licensed person on this problem. (If you have, you need to present us a letter of referral from him before we start therapy. If you have been prescribed medication to take by him, you need to present us a letter of consent from him before we start therapy. This means a short written note stating that you have informed your health care provider of your decision to engage in Time Line Therapy™ techniques.) Furthermore, nothing that happens here in therapy should be construed as, nor should you believe that it is a substitute for the advice of a licensed person.
- 2. What to Expect:** Your alternative health care practitioner has been trained and certified in Time Line Therapy™ at the Master Practitioner level and will be doing this technique along with Neuro Linguistic Programming (NLP) and Hypnosis. The therapy will probably be different from what you might have expected. In total, we will not spend a lot of time talking about the problem, just gathering information about it. In fact, most of the session(s) are about other things.

It is very important for us to discover the internal thought process of HOW you create the problem. That means that we are looking for your strategy, or how you structure the problem. Because our focus is on structure, that means that, once we discover it, we can move on and focus on having the problem disappear very quickly.

Because of this, your Time Line Therapy™ Master Practitioner may cut short your answers or even talk about your problems in ways that you have never considered. She may even ask you questions that you do not totally understand consciously in order for your Unconscious Mind to make the changes you want at the unconscious level. It is important to do this so that we can reduce the time taken for the therapeutic process.

If you have been in a therapy session before, expect that this one will be very different, and quite a bit shorter.

- 3. This is the Process:** We begin with you telling us the problem. We will ask you for examples of the problem and other questions to discover HOW you do it in your head. We will also probe to discover the source of the problem – the precipitating event(s). Sometime before the end of this part of the session we will ask you what has to happen so that you will know the problem is gone.
- 4. After the Session:** We will probably assign you some very specific tasks to do. If assigned these tasks are, absolutely, a fundamental part of the therapy. They may take up to several days or weeks to complete. The tasks are directly related to the circumstances that created the problem. YOU MUST DO THEM. If you do not, then neither you nor we can predict the outcome of the therapy. Certainly, any guarantees will not be valid if you do not do the tasking.

The second thing that is important is that you will need to stubbornly focus on what you want. The people who are the happiest over-all in life are those who recognize that you have a choice to focus on what you don't want or what you do want. You can focus on negative emotions and things that make you feel bad, or you can focus on positive emotions and things that make you feel good. It is your choice. After the session, **YOU MUST FOCUS ON WHAT YOU WANT.**

Finally, if your old pattern rears its ugly head, then you must refuse to run that pattern again. Please remember that we have the utmost total and complete respect for you and absolutely no respect for your old problem.

- 5. This is Alternative or Complementary Health Care and Therapy:** Your Time Line Therapy™ Master Practitioner is a legal Complementary Healthcare Provider, and not a licensed Medical Doctor, Psychologist, Psychiatrist, Master's in Family and Child Counselling (MFCC), or a Master's in Social Work (MSW). The services you receive are not licensed in this province or state, nor are they regulated by a governmental body. The self-regulated holistic treatments and client-centered disciplines in which your practitioner is trained and in which he/she has experience include consulting and coaching, Time Line Therapy™ techniques, Neuro Linguistic Programming (NLP), Hypnosis, Magnified Healing®, and Etheric Healing (EP). We will always provide only those services in which we have been trained, and if we find that we cannot help you, we will refer you to a licensed person who can assist you. During your therapy session we will use one or more of the following techniques:

Definitions:

Time Line Therapy™ Techniques: The techniques are a process of active imagination where the client imagines floating above his Time Line and letting go of his negative emotions and/or limiting decisions (or limiting beliefs). Then the client is also asked to imagine creating events in his future that support his goals or outcomes. Time Line Therapy™ techniques have demonstrated results in a broad variety of presenting problems. It is a powerful technique which allows clients to make long lasting changes in a very rapid way. Your practitioner is certified as a Time Line Therapy™ Master Practitioner by the Time Line Therapy™ Association.

Neuro Linguistic Programming (NLP): NLP is a model of communication – how we communicate to self and others – and how that communication creates and affects our behaviour. As a study, it is a synthesis of cognitive and behavioural philosophies which focus on the information coming in through the neurology (cognitive) and the programs we run inside our heads to produce the behaviours (behavioural) we do. Your practitioner is certified as a NLP Trainer by the American Board of Neuro Linguistic Programming.

Hypnosis: This is use of trance to make changes at the unconscious level. Hypnosis has been used to produce unconscious change with clients since 1843. Since Hypnosis may be used during your session, for your safety you should make sure you are totally wide awake before driving or doing any other activity that may require concentration. Your practitioner is certified as a Trainer of Hypnosis and a Master Clinical Hypnotherapist by the American Board of Hypnotherapy.

Magnified Healing: A vibrational energy healing which prepares the client for spiritual ascension by releasing karma and opening the heart. A Magnified Healing® takes place at all levels: Physical, emotional, mental, etheric and spiritual. Imbalances are removed and sent to the Violet Fire for transmutation. Ascended Master Kwan Yin is present during all sessions helping the client through transitions. This modality is useful for all people who are ready to release their limitations, lack of love, misqualified energies and/or who are experiencing periods of transition. Very helpful for those who are also transitioning from this plane of existence to the next. Your practitioner is certified as a Magnified Healer® by Magnified Healing Inc.

Etheric Practitioner (EP): The etheric (vital) (energy) body of man is a vehicle of consciousness that interpenetrates and sustains the dense physical body. It is often called the etheric double, for it is the same shape and slightly larger than its dense physical counterpart. The etheric body is like a sea of sparkling points, a web of dynamic energy. Each spark or point of light is a focus for vital, sustaining forces to flow into the dense physical body. Etheric healings work on physical, emotional, mental, and spiritual levels through electromagnetic energies, cellular memory access, etheric layers and levels, re-patterning through the light-body system of the higher centres. EP benefits all people willing to utilize the natural gifts of energy dynamics and re-patterning to assist them in choosing to grow and evolve. An excellent companion to traditional medical modalities.

- 6. Confidentiality:** We keep all information that we receive from you, confidential, and do not disclose it to persons outside our company. All client information is kept strictly confidential and is for our internal use only. (Importantly, we are required in some provinces and states to share information about child abuse with state bodies who oversee such matters.)
- 7. Your Guarantee:** All work that we do is guaranteed. That means that you will receive the support and follow-up to ensure that you get the results that you wanted. We guarantee our work because our experience has shown us that our clients always get results. The guarantee works like this:

You must finish the program. That means, attend every session. You must go through the entire process of therapy all the way to the end.

You must do the tasking after the session, and you need to do it fully and completely.

Having done this and allowed some time (say up to 2 weeks) for the process to integrate then we agree to work with you until your problem is gone at no charge beyond the initial session.

If we have quoted you a certain length of session after the Detailed Personal History was completed, then we will work with you at no charge until you get the results you wanted.

- 8. Your Choice, Your Responsibility:** While, during your session, we will offer you advice and other ways of looking at your problem and its solutions for your consideration, you hereby agree that whatever we discuss is only our perspective and is not binding upon you, nor is it a prescription. If you want to discuss our suggestions with someone else, you should discuss them with a licensed health care provider. It is your responsibility to confirm whether or not any changes we made produced the desired results. It is your responsibility to communicate your results to us. Our liability is limited to the amount paid for the therapy.
- 9. Cancellation Policy and Fees:** While we appreciate the complexity of life situations, we also agree to honour you as responsible for your life and your decisions. Therefore cancellation requires 72 hours notice or you will be charged in full for the hours booked. In addition, arriving for the intervention without your task completed will be viewed as an intention cancellation and you will be charged accordingly. We have the utmost respect for you and your potential. We have no respect at all for your problem and its pattern, other than as an aspect of your creative process.
